Introduction To Microcontrollers Electronics – Lesson 7: PC Communication

SCHEMATICS

The following schematic material is meant to go with the online lesson found here:
http://www.pyroelectro.com/edu/microcontrollers/pc_comm/

EXAMPLE SCHEMATIC

.

Here is the lesson 7 schematic. In this lesson we used serial communication to tell the ATMEGA328 microcontroller to turn on specific LEDs and then turn them off. A simple idea, but powerful once you realize that you can make two computer talk to each other!
